Estilo em CSS

The diagram illustrates the structure of a CSS rule. It features a blue background with a darker blue abstract shape. A CSS rule is shown with labels and arrows pointing to its parts: 'seletor' (selector) points to 'h1', 'declaração' (declaration) points to the curly brace, 'propriedade' (property) points to 'font-family', and 'valor' (value) points to 'Arial'. A dashed line separates the properties from the closing brace.

```
h1 {  
  font-family: Arial;  
  font-size: 20pt;  
  color: blue;  
}
```

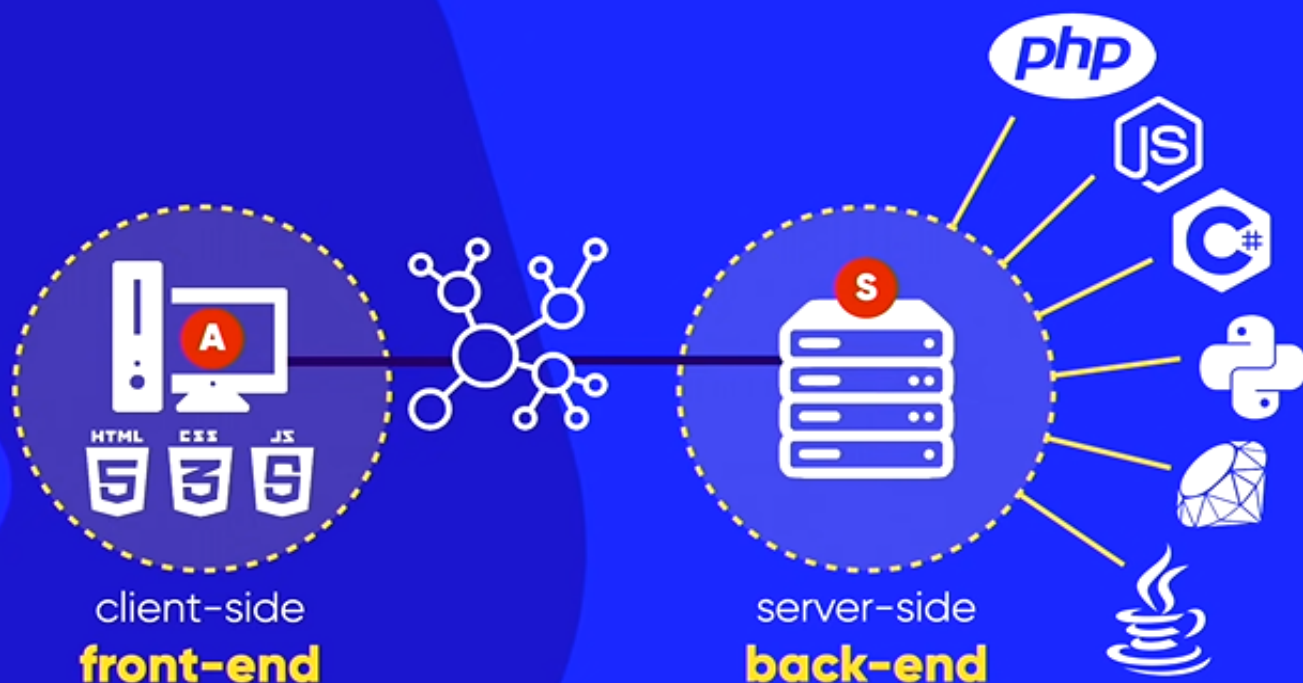

Labels and arrows in the diagram:

- seletor** (selector) points to **h1**
- declaração** (declaration) points to the opening curly brace **{**
- propriedade** (property) points to **font-family**
- valor** (value) points to **Arial**

Estrutura básica de documento HTML

```
<!DOCTYPE html>
<html lang="pt-br">
  <head>
    <meta charset="UTF-8">
    <meta name="viewport"
    content="width=device-width,
    initial-scale=1.0">
    <title>Document</title>
  </head>
  <body>
    <h1>Olá, Mundo!</h1>
  </body>
</html>
```

Front-end e Back-end
